

E-Newsletter Advertising

The newsletter has up to date information about the developments for the exhibition itself plus stories from the exhibitors and speakers. It is sent out via the media supporters to over 8,000 recipients who are largely manufacturers, engineers, system designers & integrators, R&D researchers, and entrepreneurs from the target sectors. You can certainly take this opportunity to give everyone promotional information about your company, help people find your booth and quickly understand your company's offering.
